- "X" indicates that coverage is 100% of the Medicare allowable amount. A percentage number indicates the proportion of the Medicare allowable amount covered.
- Plans C and F are not available to individuals who are newly eligible to Medicare on or after January 1, 2020.
- For plans K and L, once you meet your out of pockets limit and your yearly Part B deductible (\$233 in 2022), the Medicare supplement plan will pay 100% of Medicare covered services for the rest of the calendar year.
- Plan N pays 100% of the Part B coinsurance, excluding up to a \$50 copayment for emergency room visits that don't result in inpatient admission and up to \$20 for some office visits.
